

COMPANY PROFILE

7 Eleven Holdings

Import-export, Supply Chain & Logistics Services

About Us

Our vision is to be at the forefront of the supply and distribution of goods and services in the renewable energy, waste management, security, environmental conservation, and transport and logistics.

Throughout these industry sectors, we endeavour to build and maintain our reputation as one of the leading suppliers & distributors of high-quality selected products sourced by our procurement experts at the request of our valued customers. We understand that time is money, and our goal is to save you both. Our cost leadership strategy will ensure that the quality products you purchased are value for money.

Our Values

Our values form the core of our organisation. They guide our actions and behaviour. They inspire the way we work with each other – and the way we serve our clients. These values influence the way we translate our passion into practice, enabling constant satisfaction for our customers.

Integrity

We will always do what is right and we are people of our word, with the courage to do what is right. We adhere to the highest ethical standards and pledge to be transparent, just, and consistent in word and deed.

Gratitude

We are truly thankful for all the opportunities that we have been given and believe this is the key to true greatness.

Excellence

We set high standards for our own achievement and celebrate the achievements of our clients. We strive to always improve and live by the notion that if you're not getting better, you're falling behind.

Passion

We show pride, enthusiasm, and dedication in everything we do. We are committed to delivering superior value to our clients.

Our Services

The 7 Eleven Group of companies provides a comprehensive range of products and services to the mining, municipal, commercial, hospitality, airport, marine, petrochemical, oil and gas, and industrial sectors. Their client base spans the African continent and they pride themselves on their experience and ability to offer and deliver effective professional services to their clients.

All the 7 Eleven subsidiary companies are considered market leaders in their respective fields. Each company has an exemplary service delivery record and empowerment credentials that afford the group 8-BBEE legislation compliance.

Providing advanced customer-specific solutions through our value-creating services and expertise in local and regional transport routes, 7 Eleven comprehensive service, network and platforms will allow you to make All the Right Moves for your business.

Our dedicated and experienced professionals always provide you with tailor-made logistics solutions, customized to your needs. 7 Eleven focuses on serving customers with global sourcing and supply-chain-management needs, creating value through innovative end-to-end international logistics programs.

We offer the following services under our transport and logistics division:

Fuelling the economy

Fuel drives the economy and constitutes a significant part in the cost structure of most businesses in mining, manufacturing, government, agriculture, transport, and general industry. 7 Elevens' experience and value-adding approach in the selling and distribution of diesel, petrol, LP gas, paraffin, and lubricants promotes cost-savings that helping your business operate efficiently and profitably.

We provide fuel to service stations in countries in the SADC region. Some of our major clients are mines in South Africa.

Supporting the mining industry

We transport coal, chrome, and manganese within South Africa. We provide our clients with highly effective transporting and handling services for Coal, chrome, and Manganese. Our wide distribution network and the fleet of heavy load carrying trucks help us in transporting the minerals from one place to another within South Africa at reliable delivery schedule & viable cost. With the help of our streamlined operations and services, we can satisfy a broad client base.
